

JOHN GYLES EDUCATION AWARDS

P.O. Box 4808, 259-103 Brunswick St. Fredericton, New Brunswick, Canada E3B 5G4 Telephone (506) 459-7460

Dear Student:

Attached is the 2010 application form. Before you complete your application and/or consider one of our publications, please read this letter, the acknowledgement and the helpful tips provided for your benefit. You may also wish to discuss this with your parents, guidance counselor or Financial Aid officer. They can contact me should they wish to do so.

Awards are available each year to students in both Canada and the United States. Scholarship amounts vary and are awarded directly to students. A list of recipients is available at the end of each calendar year, upon request, by sending a self-addressed, stamped envelope.

To apply for a scholarship, applicants must be enrolled full-time at (or accepted to) a college or university program as an undergraduate or graduate student. (High school seniors, and others, may apply pending acceptance.) Applicants must have a minimum GPA of 3.0 on a scale of 4.0 (or similar grade assessment) and must also have citizenship in either the United States or Canada. No preference is given to students from either country. Additional criteria are listed on the application form.

Please return your application **as soon as possible**. This year we have changed the deadline and applications must be mailed (post-marked by regular mail) no later than **May 1st, 2010**.

Award recipients will be notified by e-mail on June 7th. Applicants can receive additional funding opportunities by requesting a copy of *Student Money Guide: Great Sources of Extra Income*. Directed toward students and their families, this excellent new guide will be of interest to those who wish to have more money while at college and/or graduate with less debt. See "Publications" on the website.

Should you have any questions regarding the application process please call (506) 459-7460.

Sincerely,

R. James Cogle

HELPFUL TIPS

These suggestions are provided to assist you in completing your application and to help you apply for other education funding. Please consider them carefully.

1. Always type or print clearly. Check carefully for spelling mistakes and poor grammar. When submitting an application it is always best to use an 8 1/2 x 11 envelope. **Special delivery services are not necessary.**
2. Be sure to include all awards, honours, and citations that you may have earned in sports, avocations, fraternal organizations or school. Mention special talents that you may have.
3. It can be very helpful to have general information that you can use for every scholarship application. This can often be in the form of a resume.
4. An official transcript is not required with your application. Some academic institutions now have to charge \$10.00 to send out a transcript. Initially, for this scholarship, (and some others), a photocopy or Internet copy of your latest academic record along with a statement of your GPA will suffice. An official transcript may be required later.
5. In calculating your education costs, be sure to include the many extra costs associated with higher education. These can include expensive textbooks, student loans, laboratory supplies, clothes, food, travel, typing, computer equipment, student fees, insurance, entertainment, photocopying and other less obvious costs.
6. When presenting your financial circumstances, clearly indicate the amount of money you will require to complete your entire education.
7. When listing references always include their full name, title/profession, complete address and telephone number. You can use the name of any person who is not related to you. Letters of reference are not required.
8. Apply for all of the financial aid that you can. Note that only a small percentage of students take the time to return applications. Most fall victim to procrastination.
9. Apply promptly. The best time to fill out an application is when you receive it.
10. Scholarships are just one source of funding; there are many others. By also exploring alternative funding sources such as free grants, corporate sponsorships and income supplements, students have the opportunity to get more money for their education. These types of sources are generally available to students throughout the entire year in both the United States and Canada and many are featured in *Student Money Guide: Great Sources of Extra Income.*

ACKNOWLEDGEMENT

I hereby acknowledge that I am applying for an opportunity to be chosen to receive a scholarship from the John Gyles Education Awards. I also acknowledge and agree that should I be chosen to receive a scholarship my name can be made public but only within the guidelines set down in the Privacy Acts of Canada and the United States. Neither the amount of the award nor my complete address, including my phone number and e-mail address will ever be revealed to anyone without my written consent. Absolutely no personal information of any kind will ever be shared with a person or organization other than the selection committee of the John Gyles Education Awards. All personal information will be destroyed following the meeting of the selection committee.
