Train for a meaningful, in-demand healthcare career at Rio and provide one-on-one care to patients in their homes. Home Health Nurses help patients recover, manage health conditions, and live independently.

Thanks to Ohio workforce partners, eligible students can receive up to full tuition support while gaining hands-on clinical training and direct pathways to employment in home health care.

Students must meet eligibility requirements for Rio's nursing program, be enrolled in an LPN to RN degree seeking program, and work for 18 months with a partnered Home Health Agency upon program completion.
