## Smoke Puffs

## Davis Party

Thursday marked the 99th birthday for Miss Margaret Davis. The women of Davis Hall (for whom Miss Davis had the dorm built), the Grande Chorale, and members of the faculty of RGC, presented their felicitations to Miss Davis.

The Grande Chorale sang "Morning Has Broken", "Joyful, Joyful We Adore Thee" and hymns. Soloists for the occasion were Kathy Glendhill who sang "I Believe", Sander Hunter, who sang a soulful rendition of "Day by Day", Iesa Wagner sang the melodic "Sound of Music" and Alvis Moore sang "You've Got a Friend." Afterwards there was a reception of cake and punch. Happy Birthday, Miss Davis, and many happy returnss.

## Rio Cluster

On Monday, March 5, 1973, five major corporations from the Rio Grande College cluster will be on campus to interview all students who have completed placement folders in the Office of Students Affairs and are interested in entering industry. The five corporations being represented are: Columbia Gas of Ohio, Goodyear Tire and Rubber Company, Firestone, The Standard Oil Company and Ohio Bell.

Mr. Elwood G. Glass, a representative of the Standard Oil Company, will be in the recreation room of Davis Hall at 8:15 a. m. on Monday, March 5th, to orientate all students who have signed up for the interviews. The five company recruiters will begin interviews at 9 a. m. in the recreation room of Davis Hall.

## Lanham Ill

Head mentor, Art Lanham of the Rio Grande Redmen, was injured a few weeks ago in a volleyball class although the injury went unnoticed until after the Berea weekend. Then on Sunday he had very severe pains in his back. Coach was admitted to Holzer Hospital and placed in traction. Since Coach was in traction he was unable to attend the Urbana game and the Wilberforce game, the first two he'd missed in thirteen years. Coach was removed from therapy later in the week. He was dismissed Monday evening to see the Redmen play Central State. He returned to the hospital late that night to continue therapy.

## Redman Team Wins Mid-Ohio Title

With a 6-2 conference record, the Rio Grande Redmen won sole possession of the Mid-Ohio Conference basketball championship, thanks to the efforts of Malone lead over Urbana slipped when the Redmen fell to Ohio Dominican 92-77. The Redmen survived a scare from Cedarville as they wrapped up a share of the title with a 70-66 victory. All this led up to last week's Rio Grande-Urbana game. If Rio Grande won, they would also have won the M.O.C. championship outright. If Urbana won,

then all Urbana had to do was beat Malone to grab a share of the title. The game started well for the Redmen as they spurted out to a small lead, cheered on by a huge gallery of fans who had made the trip to Urbana. But Urbana had visions of a part of the crown, and they slowly came back to take a small lead. The game continued to be close for most of the second half, with the Redmen staying within range as Dan Gollinger scored 24 points, while Dale Thompson netted 16. But it wasn't enough as Urbana rallied to a large lead, with the game ending with Urbana on top 94-80. All Urbana had to do was beat Malone.

That Saturday night saw the

Redmen travel to Wilberforce University, where they defeated the Bulldogs 99-89. Rio Grande's front line was deadly, with Ron Lambert scoring 28 points, Dan Bollinger netting 23, and Mike Rouse ripping in 20. The Redmen then traveled home to Rio, where a small contingent of fans awaited to tell the news of Malone's stunning victory over Urbana, giving the Redmen entire possession of the title.

In their last regular game of the season, Rio Grande played host to Central State. The Redmen had four men in double figures as they led throughout the entire game, winning 72-64. Mike Rouse led all

scorers, hitting for 20 points. Ron Lambert had 16, while Steve Bartram netted 14 and Dan Bollinger 12. The victory gave the Redmen a winning record over the regular season, finishing at 13-12.

Rio Grande has earned a play-off spot in the NAIA District 22. The Redmen will play Defiance Monday, March 5, at Defiance. The Defiance Yellow Jackets are the toast of District 22, as District 22 Coach of the Year Marv Hohenberger led his team to an impressive 22-3 record.

Congratulations are due to the entire Redmen team for the M.O.C. Championship, and Ron Lambert, who was named to the District-22 All-Star team.

## Rio Students Join National Lobbyists

By FRED SMITH

Several hundred students from all over the country will converge on Congress February 28 to March 2 to talk to Senators and Congressmen about student financial aid, minimum wage for students, airline discount fares, newperson's rights and other issues.

The students are among the nearly two million represented by growing National Student Lobby (NSL), founded in 1971. Rio Grande is a member of the NSL and is being represented by Doug Fields, Phyllis Alderdice, Paul A. Dunfee, Joanne Harootunian and Kevin Lee. These students will take an active part in this year's student lobby conference. This is the Second Annual Conference of the NSL.

One goal of these people, will be to get legislative action on the full funding of the Basic Opportunity Grant (BOG) program to channel an ADDITIONAL \$1 billion per year directly to needy students. The program is also crucial for middle-income students because it's funding will greatly ease the pressure for sharp tuition raises. The students, who will register as lobbyists, will also urge no cuts on existing student aid programs such as grants, fellowships, work-study and loans.

Other major student goals are: 1. Defeat of an amendment by Congressmen John Erlenborn (R-Ill.) allowing employers to hire students (under 21) and youth (under 18) at .80 per cent of the regular minimum wage. This bill is

strongly supported by the McDonald's Restaurants.

2. Passage of bills offered by Sen. Frank Moss (S-Utah), Congressmen Harley Staggers (D-W. Va.) and Congressman William Keating (R-Ohio) permitting youth and senior citizen discount air fares despite the December Civil Aeronautics Board ruling which eliminated youth fares.

3. Passage of a bill preventing federal authorities from forcing newpersons, including student newpersons, from disclosing confidential information or the source of such information.

At the National Student Lobby Conference the student will hear speeches by such people as former Newark (N.J.) Evening News Reporter Peter Bridge, who was

recently released from jail over the issue that caused controversy concerning the rights of newpersons; also giving major speeches will be Congresswomen Shirley Chisholm (D-N.Y.). The Americans for Democratic Action (ADA) Chairman Al Lowenstein, former president of the National Student Association and the man who persuaded Eugene McCarthy to run for President in 1968.

The student lobbyists will also lobby for limits on Presidential war powers to prevent future undeclared wars such as in Vietnam with a vote by Congress, an end to the Selective Service on June 30, and the influencing of legislation and domestic priorities such as pollution control, health, mass transit and education.

## One-Act Plays Scheduled For This Weekend

Five students will direct plays this weekend, Friday and Saturday. These plays are one-acts, and will be directed by Jake Bapst, Cheri Goldberg, Pat Houck, Carol Satterfield and Josie Snyder.

Jake Bapst will be directing "Talk to Me Like the Rain"; the starring roles will be performed by Debbie Latham and John Godinsky. "Last of the Red-Hot Lovers" is directed by Cheri Goldberg. Holly Stern and Jake Bapst are the stars of this play. Margaret Fadeley and John Kordeleski are the stars of the play, "This Property is Condemned." It is directed by Josie Snyder. "A Cry of Players" is directed by Pat Houck and the starring role will be portrayed by Steve Little, Judy Farney and Bill Armenio. Carol Satterfield is directing the play entitled "Opening Night," and the starring roles will be acted out by Josie Snyder and Pat Houck.

The plays will be held in Community Hall on Friday and Saturday nights at 8:30 p.m. It

would be very encouraging if the students, who will be remaining on campus this weekend, would attend the plays at least on one of the

two nights. I am definitely sure that the plays will provide a very entertaining evening to all who attend. See you there, O.K.

During an argument, John Godinsky affectionately tries to change Debbie Latham's disposition. Here, Debbie is very upset with John.

Brendan Bey, property manager, is working diligently at his duties.

Deadline for ticket sales to the Rio-Defiance game is 11:00 a.m., Monday, March 5 in Lyne Center. Tickets are: \$1.50 for students and \$2.50 for adults. Remember — If you do attend the game at Defiance, be sure to take your RGC-ID card.

# Editorial

Rio has become a place for rejects. Under the cloak of giving everyone a chance at an education we have let anyone enter the doors of this institution. Now our students complain that professors talk "over their heads". Many say the profs should come down to the level of the students.

It becomes sad when a college prof has to lower his level of speaking to accommodate students who are unwilling to enlarge their vocabulary and their minds to grasp abstract thoughts. When we begin to ask teachers to descend to the level of the lower students — growth stops. Many times it becomes necessary for a student to reach before he will be gaining any new knowledge and thereby learn.

With the addition last year of the no D and F policy Rio's diploma means less and less. We may have people graduating from Rio after ten years of study. It may have taken them four or five times to pass the courses, but after the help of three sets of tests, they finally will make it.

We are becoming a college of "left-over" or "left-behinds." We can do something about it. That something is we can improve the caliber of the student body by enforcing them in the idea that they must learn rather than be taught. The time when we were spoon-fed information is past.

Now we must grasp onto the remnants of a real educational experience and make it the best it can be.

## Stroh's For Desert

The student judiciary convened this week to hear two cases. One case involved two students drinking beer in the dining hall.

The consumption of alcoholic beverages on the campus of Rio Grande College is prohibited. This is clearly stated in the Student Handbook. This is a strict college policy that the board of trustees feels strongly toward. If a student is going to drink he should be at least subtle enough to do it where

he will not have to suffer the consequences if caught.

The students were placed on unwritten social probation and they also received a suspended sentence of thirty work hours each with twenty of those hours suspended.

Let us not turn the dining hall into a bar.

## Parking

Editor,

I am concerned about the parking problem which the commuter is confronted with each day they attend Rio Grande College. I feel that the commuter is being done an injustice with regards to student parking. The faculty and staff members have restricted areas where they park. Therefore, to them it is not a problem when it rains, snows, sleets or hails, they are close to their office. Then there is the resident student, who for a price purchases room and board on the Rio Grande Campus.

One of the privileges of the resident student is restricted parking in certain areas. The "pit" is for residents of Boyd, Moulton, Holzer dormitories, staff and general parking for Lyne Center. Davis Hall residents have a restricted lot (directly behind Davis Hall) which has twenty-seven parking spaces.

There are twenty-one cars registered in Davis Hall. For the period of February 16 - February 17, 1973, between the hours of 7:50 a.m. - 4 p.m. on weekdays there have been only an average of six cars parked in this restricted lot. The only reasonable parking that the commuter has is "on street parking". I have noticed that resident students have been parking on the village street that fronts Davis Hall, thus, the commuter is given the choice of parking some distance away from his class room or taking a chance of getting a ticket by parking in a restricted area.

As a commuter, unless action is taken to rectify the present parking regulations I will not pay the registering fee of \$10 to Rio Grande College, for the privilege of parking on the village streets of Rio Grande.

Because of the present parking regulations at Rio Grande College, I urge all 277 commuter students to think seriously of this problem when it comes time to register at Rio Grande College.

## Redemption Center

## No Stamps Necessary

It's All Over....

Too bad about Bill. Now it's too late. And he had so many things going for him — like you maybe; a good education, friends, expensive clothes, a brand new bike and plenty of cash. The only thing he didn't have he didn't want, that was a personal faith in Jesus Christ. He went to church and knew the way all right, but he was too busy having a blast to think about God. Bill figured there was plenty of time for that later. Now it's all over.

Who could have possibly known about that oncoming driver passing at the top of the hill? Bill didn't know, but that didn't matter. It wasn't Bill's fault but that didn't matter either. What did matter was that Bill left this life unexpectedly, suddenly met God: UNPREPARED.

He was such a nice guy. Like a lot of us, he planned to make it on his own, without God. Funny — that's precisely what God says we cannot do — make it on our own.

One of the wisest men who ever lived said, "There is a way that seems right to a man, but its end is the way of Death."

That's a big price to pay for material comforts. Living for the good things in this life, we soon forget about our intangible soul. Spiritual values fade and we seldom give thought to anything beyond the present. Yet, in spite of our misunderstanding and neglect, God still does not force Himself upon us. Patiently, He looks for a voluntary response. The choice is ours and everything hangs on it.

Long ago, Jesus Christ posed a question that is relevant even today. He asked, "What shall it profit a man, if he shall gain the whole world, and lose his soul?" or "What shall a man give in exchange for his soul?" Another man put it this way, "What makes us think that we can escape if we are indifferent to this great salvation?" We are told in the Bible of our inevitable appointment with Death followed by an equitable judgment. This is why God's son, Jesus Christ, died in our place. By doing so, He paid our penalty.

Furthermore, Jesus says He is the Way, the Truth and the Life and He warns that no man can come to God, the Father, except through Himself. There is no other person who can solve the problem of our guilt and bring us into a bright relationship with God.

If you are looking for peace that really satisfies, then the answer is to receive Jesus Christ as your personal Savior.

Pray and ask Him to take over. A new life can start for you right now. It's too late for Bill ... but not for you. NOT YET!!!

# Financial Aid News

number of changes, generated by Educational Amendments of 1972 have come about in Financial Aid (the three campus programs NDSL and WS) have all experienced changes.

There may be even further changes. Such as, President Nixon has funded the EOG, or NDSL next year. These will be added with the BOG. The total of what this will do with the Financial Aid picture is far from clear. The Financial Aid office will be working on what this will do to the students at Rio Grande. The report will be in the next few weeks.

The three present programs included, here are the changes effective July 1, 1973:

**NSL:** Name changed from National Defense Student Loan to National Direct Loan, loyalty oath no longer required, new disciplinary note, death and disability cancellation dropped. Cancellation changes are: 10 percent cancellation for regular teaching is dropped, 10 percent of economically, mentally, and physically handicapped changed to 15 percent-years 1 and 2 of teaching, 20 percent-years 3 and 4 of teaching, 10 percent-year 5; teaching of combat—under certain conditions—15 percent a year to 100 percent; armed services cancellation changed to apply only to those having served in combat as prescribed by U.S. code—10 percent a year up to 50 percent. The yearly loan limit is \$2,500—replaced by \$2,500 aggregate during first 2 years, \$5,000 aggregate for pre-college, \$10,000 aggregate for all undergraduate and graduate years. For the purpose of the program, only the Parental Contribution is disregarded in determining the financial need of students. The Truth-in-Lending Act is still required, half-time students remain eligible and proprietary schools continue as before.

**WS (College Work Study):** Is

preferably given to students having "greatest financial need" rather than to students from low income families, half-time students are now eligible and the 15 hour weekly limitation eliminated.

**SEOG:** The EOG will be changed to Supplementary Educational Opportunity Grant, the yearly limit will be increased to \$1500 (4 year limit still \$4000), half-time students are eligible, a student may receive an award for a fifth undergraduate year (aggregate limit \$5000) if: he is pursuing course of study leading to a first degree in a program designed to extend over five academic years or he needs a fifth year to complete a course of study normally requiring four years.

Changes applicable to all three programs: (NDSL, CWS, SEOG). An affidavit of educational purpose required, half-time students are eligible, proprietary schools are eligible and new provisions are included for denying financial assistance to an individual convicted of disruptive activity or seizure of property under control of an institution of higher education.

Also remember the new guaranteed student loan (bank loans) rules are effective March 1, 1973. The loan limit has been increased to \$4,500 a year. A Parents Confidential Statement (PCS) must be filed in order for the Financial Aid officer to document the need factor. The loans must be included in the aid package and thus the parents' and student's contributions, plus the loan and other grants etc. cannot exceed the college budget. The PCS will determine and document the contributions and must be filed before a student can have his loan processed by the Financial Aid office.

These are in essence, the same procedures we faced last July. If you are considering a guaranteed student loan, please complete the PCS as quickly as possible. We must have this on file to process the loans. These are federal regulations and we must live with them.

# Council On Aging

Rio Grande College will be the site of a public, two day District Conference on Age on March 13-14. The Area-wide Model Conference on Aging is sponsoring the conference on Aging in cooperation with the Ohio Administration on Aging; Rio Grande College, and the Ohio Task Force on Aging, Economic and Political Affairs, a program under the auspices of the Commission on Aging in Appalachia. The conference is the Preliminary to the National Conference on Aging to be held in Columbus in June.

Edward Sayre, the conference coordinator and Assistant Director of the Ohio Administration on Aging, stated that the three-fold objectives of the conference are to provide information that will help the elderly of Southeastern Ohio which they are entitled, (b) to encourage area agency representatives and educators to become more aware of the needs of

the elderly and (c) to emphasize the importance of coordination and cooperation among groups for the development of local resources and local responsibility to initiate, expand or improve delivery of service to the elderly.

National, state and area leaders will discuss with elderly citizens sixteen different topics during the two days. The topic for one afternoon session is "Legislative Outlook for Aging Programs." The final session of the conference will be a panel-forum from 2:45-4. Topic of discussion will be "How does Your Agency Plan to meet the Needs of the Elderly?" Members of the Ohio Administration on Aging, Social Security Administration, Department of Public Assistance and the Department of Health and Community Action Agency will briefly talk on the subject. A question and answer period will follow.

## SOCIAL PROBLEMS LAB

# Work During Break

By Dwight Shumway

While you're home over Spring break convalescing from mid-term casualties, eleven heartier souls will board the college maxi-bus and hit the road. The road to Philadelphia, Mississippi, to be exact, where they will work and learn with the Choctaw Indians.

The eleven are enrolled in Social Problems 343, and will supplement classroom learning with involvement in real social problems on an Indian reservation. Course instructor Ray Matura calls the project a "living-learning experience."

Each member of the class will work in one of the social service programs already existing on the reservation. Some will work with the juvenile delinquency division or child welfare division. Others will work as caseworker-counselors or as probation officers

assigned to the judicial system. The rest will work in the medical or alcohol clinic, or with the officials of the Division of Program Development, which oversees all the social service programs. The object, says Matura, is to apply classroom knowledge in rendering genuine service, while gaining personal experience in social problems and greater insight into possible solutions. As a classroom follow-up to their "field trip," each student will write a formal evaluation of the social service program in which he participated.

The group will leave March 10 and return the following weekend.

They will stop in Jackson, Mississippi on the way back to meet with Civil Rights leaders.

Social Problems 343 is required for majors in Social Work and minors in Sociology. Previous "field expeditions" have included those to poverty areas in Louisville and rural Kentucky, and work at a prison in Harrisburg, Pennsylvania.

Students enrolled in the course this semester are Pam Black, Lloyd Brewton, Charlotte Brown, John Bryant, Brian Drew, Barbara Leadingham, Mark A. Levin, Charles McCray, Richard Painter, Brian Smith, and Carl D. Ward.

# Ohio Arts Workshop

Applicants of the Ohio Arts Council Writer's Workshop need not be alarmed by the lack of time to meet the March 1 deadline because it has been moved to March 24. This allows the applicant three more weeks to prepare their application materials for submission to project coordinator, Miss B. J. Benham at 1525 Wesleyan Road, Dayton, Ohio 45406.

The Writer's Workshop will take place June 20-23 at the Bergamo Center near Dayton. The Workshop caters to writers of all ages, and they will have the chance to work with such nationally known authors as William Stafford, poet; Larry King, journalist; John Gardner, novelist; Harry M. Petrakis, novelist and short story writer; Julius Lester, journalist, and Robert Canzoneri, short story writer.

Cost of the four-day workshop is \$90-\$65 for room and board at Bergamo that includes three meals and two snacks daily, and \$25 for workshop tuition. Admissions are open to everyone and not restricted to Ohio residents. Those interested in applying should send their name, address and phone number. They should send two examples of their own recent writing; and a stamped, self-addressed envelope to the project coordinator. Notices of acceptance will be mailed in mid-April.

The highlights of the program will include readings by the guest writers from their own works and a series of one-acts by Ohio playwrights. The workshop will conclude with an awards luncheon on Saturday, June 23. The guest writers will present small cash awards for the best writing in each category.

# News Source Protected

Sen. Alan Cranston (D-Calif.) has introduced a bill in the 93rd Congress to prohibit any federal or state proceeding from forcing newsmen to reveal their news sources or any information gained while gathering news. The bill was introduced as S. 158 on Jan. 4 at the request of the American Newspaper Publishers Assn. (ANPA) and was endorsed by Sigma Delta Chi (Professional Journalists' Society) and the American Society of Newspaper Editors.

The Cranston bill differs from other legislation of this nature in that it is comprehensive and unqualified. According to Cranston the bill will provide "the broadest protection necessary to guarantee full freedom of the press. If the bill passes it would extend news protection to the state and local levels where most of the controversy has arisen." Presently only 17 states have such "shield laws" for newsmen.

A 5-4 ruling by the Supreme Court last June held that the First Amendment does not necessarily give a journalist the right to refuse before a grand jury information given to him in confidence. Since that time there have been several people jailed for refusing to reveal their sources of information. These people include Peter Bridge of the

now defunct Newark Evening News, William Farr of the Los Angeles Times, Tennessee Broadcaster Harry Thornton and Harvard Professor Lewis Popkin.

New York Gov. Nelson Rockefeller said recently that unless reporters have the right to keep confidential sources, "the kind of resourceful probing journalism that first exposed most of the serious scandals, corruption and injustice in our nation's history would simply disappear." Rockefeller in 1970 supported and signed a reporters' rights bill equaled for comprehensiveness only in Pennsylvania. Moreover, in December 1972 the California legislature passed and Gov. Ronald Reagan signed a bill to protect newsmen's confidential sources of information.

According to a Gallup Poll on Dec. 3, the public backs the rights of newsmen to withhold sources of information by a margin of 57 pct. to 34 pct.

Student journalists are also subject to forced disclosure of their information sources and are expected to work actively for proposed legislation that will protect the free flow of information to the public. Strong efforts will be made in this direction at the NSL Lobby Conference Feb. 28 to March 2.

# Redman Sports

## JV's Win

The J.V.'s travelled to Urbana and came back with an impressive 88-73 victory over the Urbana Knights. The Blue Knights are highly-touted, having won eight of their nine games, but they were no match for the spirited Redmen team. The Redmen hit a blistering 50 percent from the field, and on to a 14-point lead through most of the game after taking a large lead in the beginning minutes of the game. Les Ware led the scorers with 21 points, followed closely by Jay Pendleton with 13. Smith also hit double figures connecting for 13. Smith had 14 rebounders, ripping off 14. Pendleton grabbed off 11, and Skaggs pulled off 10. Pendleton also had six assists, while Neal had five.

The Redmen then went to Wilberforce, shooting a very high percent. Beris Morgan came to the bench to spark the Redmen to a short-lived lead, scoring 10 points. Jay Pendleton had 11 rebounds while John Skaggs netted 11. Palm grabbed off 12 rebounds while Tom Smith had eight.

The J.V.'s record now stands at 8-7, with a big game remaining against Marshall University.

Front Row: Cary Coutts, Pat O'Hara, Slare Fletcher, Deb La Duca, Kathy Sedinger. Second Row: Kathy Stall, Marcine Early, Pan

Douthitt, Sharon Vanoy, Patty Hayes, Kathy Setele, Diane Slawter, Coach Diane Lewis.

## Volleyball

Team 3 became the Co-Ed Volleyball Champions. They were undefeated with a 4-0 overall record. Team 3 consists of Ray McKinnis, John Godinsky, Bruce Curtis, Jane Gual, Cindy Anderson, Dave Miller, Marcine Early, Jim Burden, Ed Sofranko. Each member of the winning team will receive T-Shirts awards.

## Racketball

After many weeks of Competition, the Round-Robin Tournament has come to an end. The 1973 Intramural Racketball Champion is George Berndsen from Cincinnati. George was undefeated in four rounds. Second place goes to Jeff Schneider from New Jersey. Jeff's overall record was 3-1. Bill Irving from Albany, New York received the 3rd place award.

## New Intramurals

After spring break, the intramural department will be offering numerous activities. To start with, there will be men's team volleyball which will be played on Tuesday and Wednesday evenings, while the women's team volleyball will compete on Thursday evenings.

Both men's and women's volleyball teams will be organized according to dorm floors or commuters. However, it is mandatory that the rosters for each floor be submitted by Friday, March 9, before Spring Break at the Intramural Department. Thus, following Spring Break, the participants can readily begin the volleyball tournament.

## BASKETBALL PLAYOFF

Each divisional team will play the best of 3 games to determine divisional first and second places. Both divisional winners and runnerup will receive T-Shirts Awards.

The winner from each division will play for the "TITLE" playoff.

## Women's Track Team

The coach of the women's track team is Bette Peters. Her assistant is Bob Willey. There are about 14 or 16 girls. They have been practicing for a week. (Tues. and Thurs., 5:30-6:30 and Sunday 2-4:00).

The team plans on running against other teams but will not know details until later. They are writing other teams, hoping to get a schedule set up.

The woman's track team has mostly been exercising and running. We will soon be dividing into field events and track events to start training and practicing.

The following girls are on the team:

Brenda White, Mert Arcuri, Anjela Pool, Cindy Anderson, Carolyn Ikes, Gail Woddell, Linda Hubler, Jane Gust, Paulette Owens, Jeanne Wetz, Chic Penn, Amy Portefe, Toni Graves, Pam Jenkins, LaVetta Marbury.

Possibly others if anyone is interested please contact Miss Peters in Moulton Hall or come down to the track on Tuesdays, Thursdays, and Sundays. THANK YOU.
