

Satisfactory Academic Progress Appeal
2017-2018

Satisfactory Academic Progress:

Satisfactory Academic Progress or SAP at the University of Rio Grande measures a student's performance in the following three areas: completion percentage, cumulative grade point average (GPA), and maximum time frame (MTF).

Completion Rate

At the completion of each semester, a student's academic progress will be measured by comparing the number of all attempted hours with the credit hours earned. Attempted hours include any course for which the student remained enrolled beyond the add/drop period. Earned credit hours are those courses in which a grade of A, B, C, D, or S was received. In addition, the SAP policy takes into consideration both Rio Grande coursework and transfer credits from other educational institutions. Incomplete or repeated courses at Rio Grande are considered in the calculation of attempted hours.

Cumulative GPA

All students are required to have a minimum of a 2.00 cumulative grade point average to graduate from Rio Grande.

The following table illustrates the Standards of Academic Progress Policy:

Total Credit Hours Attempted:	Cumulative GPA Required:	Minimum Completion Percentage Required:
1-15	1.50	65%
16-31	1.80	65%
32-52	1.90	70%
53-Graduation	2.00	70%

If you have been placed on Financial Aid Suspension for violation of the SAP policy's completion rate and/or cumulative GPA requirements (review above), then your academic progress does not meet the level necessary to receive student financial aid. However, you have the right to appeal your status. This appeal is subject to approval by the Director of Financial Aid. Complete both sides of this form and submit the SAP Appeal and the accompanying documentation along with a corrective action plan to meet SAP to the Student Financial Aid office for review. Submission of the SAP appeal does not ensure approval.

By signing this I certify that the information provided on this form and all accompanying documentation is true and correct to the best of my knowledge.
