

paperless billing

Business Office is now paperless

The University of Rio Grande and Rio Grande Community College will send monthly student account notifications to Rio-provided student e-mail accounts. As a new registrant, your first bill is the only paper bill you will receive. Paper bills will **no longer be mailed**.

Students are responsible for handling their bills. If parents assist with payment, students are responsible for forwarding bills to their parents.

Every student has two online accounts: RioNET for e-mail and StudentSpace for course schedules, financial aid and billing accounts. Students are encouraged to review their student e-mail on Office 365 and for billing account details on StudentSpace regularly. E-mail accounts are first activated one week before classes begin.

User account information sheets and portal links are online: <https://www.rio.edu/myrio/>.

Help is never far away: support@rio.edu or 1-800-282-7201.

Thank you for choosing Rio. We are excited to help you achieve your educational goals

Respectfully,

Russell Htenchey

Chief Financial Officer and Vice President of Finance

Business Office
