**** NOTE: No application will be considered for scholarship which is not filed before May 15, 2021, with the college/university you plan to attend. Do no wait; file your application early. You may submit an application for only one college or university.**

**** NOTE:** It shall be the responsibility of each applicant to be sure that the application has been received by the college or university before the deadline. **The application must be filed with the school and not the Trustee.** Get your application filed early and verify with the school that they received the application. You may want to file a duplicate and have the school return a file-stamped copy to you.

**** NOTE:** It should be pointed out that the scholarship is granted to the school of your choice and is **not** transferable to any other school. If you transfer during the year, then you will forfeit the remaining portion of this scholarship for that school year and unused money will remain in the Foundation resources. If you transfer to another approved college you can then make application for the next school year.
